

F.F.R: Friends, Family & Respect.

Past, Present and Futur of the HRC.

Past...

Around 1870, English students arrived in Le Havre. They came from Cambridge and Oxford (they are famous universities). The name « Rugby » comes from the city of Rugby in Warwickshire (England) where a football player accidentally invented this new sport. At first, the rugby was not famous in Normandie, because the lay teachers chose the rugby and the Catholic teachers chose the football. Catholic people were more therefor the football is very successfull.

Special thanks to R.
Serano from HRC for the
information.

Today and in the futur...

Rugby is a team sport that is based on principles and values. On the pitch, players are solidary as they play in community ! You don't play together, you don't win ! Outside the HRC are one family. There are lot of players from foreign countries who are student in Le Havre. There are a new yong players. The team can't up in the Federal 2 because it lacks money. The HRC will organize a championship with teams Anglo-Saxon. The HRC will merges with the other local club (H.A.C). And finally, they hope to obtain grants. Perhaps rugby is the real definiton of sports. What about ? No matter if you are old or young, Everyone is welcome !
